

7 August 2020

Dear Parents/Guardians

We are writing to you in the midst of a school break for some grades as announced by the Minister of Education and as gazetted in the Government Gazette, Volume 662, of 2 August 2020. Our learners will be returning as follows:

- Grades 9, 10 & 11 on Monday, 24 August 2020
- Grade 8 on Monday, 31 August 2020.

We have received some of the revised, trimmed curricula from the Department of Education. This allowed us to prepare Study Packs for these Grades. It is a concern that most of our learners have not had contact lessons since March and we therefore would like to ease them into doing schoolwork again. Our intention is to hand out the Study Packs on different dates.

- Grades 8 and 9 on Wednesday, 12 August 2020
- Grades 10 and 11 on Thursday, 13 August 2020

The reason for splitting the process stems from the logistical problem of learners having different subject choices in the higher grades. Parents, upon collection of the Grades 10 and 11 packs, you need to be aware of which subjects your child is taking.

We will be informing you about the orientation days for the returning Grade 8 to 10 learners. They will be the last cohort to return. How this will take place, will be communicated to you closer to their return dates.

Please continue to pray for our front-line workers as we see an increase in the covid 19 infection rate in South Africa. Let us also pray for a vaccine to help curb the spread of the virus as we hear of more people testing positive. God be with us all.

Kind regards

A W Newfeldt
PRINCIPAL
